

DEar Committee, Thank you for coming to Monterey which enabled me to attend the hearing. While clearly more need to happen, I'm glad it was close enough for me to witness. I was dismayed with the tedious comments by the panel that went 1 hour over in time thus, limiting the public comment further, after all you came to hear us. Further, I was disappointed that I did not get to speak. I came with ticket in hand, followed the rules, then had to leave at 11:45 as I had to relieve a babysitter whom I had hired so that I could attend.

I'm not a part of any group, I simply wanted you all to know how vital local, independent and public radio stations are to my quality of life. If you come back, put me in as your timekeeper, I'm very good at keeping people in check. Hope you all come to the west coast again, Cindi Gray santa cruz
